ACADEMIC PROJECTS:

Design and estimation of primary school

It's a civil project programme, we have a lower primary school project admiring app 13000 sq.ft in double story building. The site we found is very typical for the project. Even school building construction seems to be a non-problematic or less tension project, its every part have to be carefully calculated in such a manner as it to confirm Government 's standard specifications.

INDUSTRIAL TRAINING:

Industrial training under Yasoram builders, Eranamkulam.

Yasoram ARL Heights is one of the residential developments by Yasoram Builders, located in Kochi. It offers spacious and skillfully designed 3BHK and 4BHK apartments. The project is well equipped with all modern amenities. We study some lessons about construction workers and study some methods about construction workers and new thoughts.
