## OBJECTIVES

I have been in this industry for more than twelve years. My major priority is to please and meet up with the demand, growths of companies. In everything I do I think of safety first. I put safety first in line. Huge knowledge of pipes and their fittings outstanding knowledge of design techniques, principles, tools and instruments involved in the production and use of precision technical plans, blueprints, drawings, isometric drawings, P&ID and models. Amazing skills in fabrication, assemble maintenance and installing valves, equipment, machines. I have ability to see of object at a close range. I have strong leadership abilities to lead and manage organization. I think of others first after safety.

## EXPERIENCE

1/2020 - Present

### Piping supervisor

At **Wadrik projects limited**

I oversee all stages of the process of laying gas, oil or other pipelines. I plan, layout, install, test, and repair piping systems in a variety of facilities. As a Piping Supervisor participates in and oversees the installation and repair of piping systems. This requires a full understanding of the project plans and specifications and an ability to use all relevant tools and equipment. I am ultimately responsible for ensuring both the safety of my crew and the environment. It is up to me to make sure that specifications are in accordance with safety procedures and regulations, and that the work area follows all safety guidelines as well.

3/2018 - 12/2019

### Pipe fitter foreman

At **Prime sources limited**

I supervise teams of workers who fabricate and assemble piping systems. I selecting materials, cutting and threading pipes, testing for leaks, maintaining tools, and welding pipe support. Based on our collection. Ensure that workers, equipment and materials are used properly to maximize productivity, efficiency, and safety.

4/2016 - 2/2018

### Pipe fitter

At **Samsung heavy industry limited**

Troubleshoot piping problems, Experience and trained on working inside a confined space.. bevel various size of pipes, installed different size of pipe and pipe supports. Install different size of flange's, and fitted up buttweld pipes. Cut, thread, assemble, processing system, and industrial production. I cut pipes to appropriate specifications, inspected and tested pipe system to ensure safety. I assembled pipes by welding and soldering.

3/2015 - 2/2016

### Pipe fitter

At **Hyundai heavy industry co limited**

I fabricate and assemble mechanical piping system I assisted in repairing leaks and making adjustments to pipe system maintained tools and equipment used in fitting pipe systems. Maintained clean work area and practiced extreme attention to detail to ensure safety of equipment and other workers. I attend different safety training etc. (IIF) Incident and Injury Free. To enhance safety work practice I have managed different team and give good production to management

1/2014 - 12/2014

### Pipe fitter

At **P.moff**

Cut pipes to appropriate specifications Inspected and tested pipe systems to ensure safety Assembled pipes by welding and soldering Assisted in repairing leaks and making adjustments to pipe systems Maintained tools and equipment used in fitting pipe systems

6/2010 - 11/2013

### Pipe fitter

At **T.C.M**

Troubleshoot piping problems, experience and trained on working inside a confined space. ... Bevel various size pipes, installed different size flange's, and fitted-up Buttweld pipes. Cut, thread, cutting torches, and pipe benders. Assemble and maintain piping systems, processing systems, and industrial production. Maintained clean work area and practiced extreme attention to detail to ensure safety of equipment and chemical factory workers.

1/2009 - 3/2010

### Pipe fitter

At **Hyundai heavy industry co limited**

I fabricate and assemble metal structures and equipment through the use of welders, cutters, shapers and measuring tools. cut assembling and installing pipes.and pipe fittings.i cut pipe to various sizes with cutting equipment like gas cutting torch electrical cutting machine.and other cutting equipment to ensure a perfect job.i put safety first before the job

7/2007 - 1/2009

### Ark welder

At **Precision crushers and spares limited**

I Welds together metal components of products, such as pipelines, automobiles, boilers, ships, aircraft, and mobile homes, as specified by layout, blueprints, diagram, work order, welding procedures, or oral instructions, using electric arc-welding equipment: Obtains specified electrode and inserts electrode into portable holder or threads consumable electrode wire through portable welding gun.

## QUALIFICATIONS

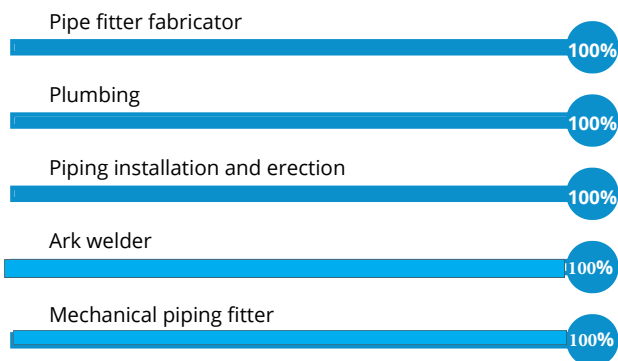

5/2003 - 9/2006

### High National Diploma

From **Auchi Polytechnic auchi**

## SKILLS

### Technical Skills

## PROJECTS

1/2020 - Present

### Dangote refinery

Lagos State

building of dangote refinery

3/2018 - 12/2019

### Chevron okan

Delta State

extension of the okon oil and gas platform

4/2016 - 2/2018

### TOTAL Egina FPSO

Lagos State

building of the egina fpso drilling ship

3/2015 - 2/2016

### Chevron DSO

Lagos State

building of a oil and gas platforms

1/2014 - 12/2014

### SPDC. Otumara Node for Domgas

Delta State

building of otumara gas plant

6/2010 - 11/2013

### EGTL

Escravos

building of oil and gas plants

1/2009 - 3/2010

### EGP3

Escravos

building of oil and gas platforms

7/2007 - 1/2009

### JoJo rock Stone Quarry Plant

Edo State

building of stone Quarry plants
