Well Testing Operator

EDUCATION

Engineering and Operational Techniques
May-2016 to Aug-2016

Aircraft Maintenance Engineering
July-2009 to Nov 2012

INDUSTRIAL EXPERIENCE

Field Specialist

APRIL-2019 to SEPT-2021

Company: Oilserv

- Performing Pressure Testing as part of Well Testing package as per standard POM and FOH for required jobs.
- Performing operations and maintenance of Well Testing equipment such as ESD panel, Choke Manifold, Separators, Surge Tanks, HI-Lo pilots, Dead Weight Tester, BSW, Dragger, Ranarex, Hydrometer, Pressure Control Valve (PCV), Level Control Valve (LCV), Heat Exchangers, Pumps, Compressors, Flanges and Pipes (202,602,1002,1502), Burner and Flare Stack.
- Stage and rig up equipment as per customer representative.
- Adjust machine controls to regulate conditions such as material flow, temperature or pressure.
- Monitor material flow or instruments such as temperature or pressure gauges, indicators or meters to ensure optimal processing conditions.

SKILLS

- Monitoring Operations
- Equipment Maintenance
- Troubleshooting
- Time Management
- Operations Analysis
- Operation and Control
- Good Communicator
- Active listener
- Influencer

PERSONAL DETAILS

- DOB : 03-May-1990
- Father : B. Eugene
- Place : Trivandrum, Kerala, India
- Passport no : K7113412
- Expiry : 04-Nov-2022
- Hobbies- playing outdoor games, listening music, hiking
- Languages : English, Hindi, Malayalam, Tamil

CERTIFICATION

- Basic Surface Well Testing Training course
- IOSH (Institution of Occupational Safety and Health)
